

## Quality Policy Statement

DPL Construction Limited ensures service excellence in delivering Engineering and Construction Services that fulfil our customers, statutory and regulatory requirements through a continual improvement of our Quality Management System.

We are highly committed to the implementation of ISO 9001:2015 standard through efficient operations and continual improvement of our core processes and policies as outlined in our Quality Management System (QMS).

This Quality policy is supported by measurable objectives, implemented, maintained and reviewed continually for suitability, effectiveness and continual improvement during management review meetings or in line with changes in our core processes.

Our QHSE Manager is responsible for ensuring that this Quality policy is maintained as documented information and communicated to relevant interested parties and all employees.

All employees must be aware of this Quality Policy and take full responsibility for achieving the associated Quality Objectives within their job responsibilities.

This Quality Policy Statement is endorsed this 5<sup>th</sup> day of January 2022.
